PROGRAM | WELCOME TOKTOKwelcom

Greetings and warm welcome to you all.

Firstly, I wish to Congratulate Oceania Football Federation team, Vanuatu Football Federation team, Luganville Football association and Local Organising committee to make the dream of people of Luganville come true for Luganville to host a group of OFC champions league. Thank you to the President of OFC, Lambert Maltock's initiative and vision to unify all oceania countries in this great event. Luganville town is always been a local town promoting UNITY. I'm glad that today Luganville town brings UNITY in soccer by uniting all pacific countries. Therefore, I take this opportunity to welcome you all in the great south land of the Holy Spirit, in Luganville town where I believe you will experience a lot in your stay with us. I was once upon the time a soccer player, I played in the position of goal keeper in Vaum United Club in Luganville. My love of soccer shapes me to become a leader today because soccer skills is the art of turning limitations into virtues. My word of encouragement to all participating teams. UNITY is strength when there's team work and collaboration, wonderful things can be achieved. To all supporters and citizen of Luganville, come support with a spirit of UNITY. Last but not least, I the Honourable Mayor of Luganville town do pledge my support for OFC joint bid for the 2023 FIFA women's world cup since Luganville through LFA has produced many female quality players and I do look forward to have more women in soccer. It is very exciting to see that Luganville town is part of the OFC vision to host events like this as a path ways to build players towards 2026 world cup. Please enjoy the OFC league with care, respect and UNITY.

Patty Peter
Mayor of Luganville Municipal Council

me

Welcome to our shores!

It is with pleasure that we meet on this island of Espiritu Santo in 2020 to share our experience again in another version of Oceania Champions League played here in Luganville for the first time.

The people of Sanma and the near islands of the northern region will share the excitement and today will be historical to us for a long time.

To our visitors, there is so much to experience about the beautiful scenery and the local market and our organic food which proves that as Pacific Islanders and citizens of the tropics of Oceania, we can achieve anything.

Lae City has Raymond Gunemba aiming for the World Cup and he is their main striker and a player to watch in this tournament.

Raphael Le'ai is a superstar in Oceania and he will want to take Henderson Eels to the next stages of the Oceania Champions League and that's something for a 16 year old youth.

Lautoka has two familiar names like Jason Thomas and Alex Saniei who will also want to keep the blues in the top with the other 2 Kiwi imports.

Andre Batick featured in OFC TV as the striker for Malampa to watch in this tournament and with a combination of Edwin Bai and Azariah Soromon, these strikers are a threat in this Melanesia grouping of the Oceania Champions League.

We wish to thank FIFA and OFC for bringing the game to our doorsteps and we wish all the teams the very best in their games.

Thank you tumas and enjoy the games
